We conclude our 2017 Concert Series with **MENDELSSOHN'S** first oratorio **ST. PAUL**, a musical masterpiece about the life of the apostle Paul. Mendelssohn's *St. Paul* is inspired by Bach and Handel, and after hearing it, Robert Schumann praised it as "*a jewel of the present*". Even Richard Wagner, Mendelssohn's later detractor, praised it as "*a work that has shown with utter perfection what the highest bloom of art is*".
